

As trade fair agency and stand building company, the EXTERNE MESSEABTEILUNG has been combining marketing, project management and craftsmanship in all matters relating to trade fairs, congresses and events for 20 years. By designing and building exhibition stands, we enable our international customers to present their companies worldwide. We believe that meeting people are necessary for ideas & innovation to emerge. And we are convinced that trade fairs can be a more sustainable place for personal dialogue in the future. As a family-run company, we are making our contribution to this.

At the earliest possible date, we are looking for a

Exhibition stand fitter (m/f/d) as Subcontractor / Freelancer

What we expect:

- Construction and dismantling of exhibition stands at national and international exhibition centres
- Construction management and complete on-site handling including stand handover to the customer

Your profile:

- Reliable and independent way of working
- Experience in trade fair construction or comparable experience in the assembly sector
- Basic knowledge of metal and wood processing, electrical knowledge
- Good knowledge of German or English
- Driving licence up to 3.5 t or more

What we offer you:

- A long-term partnership with an owner-managed exhibition stand construction company
- Optimum assembly conditions and good project communication
- Attractive contract conditions & punctual payment
